Ethics is a verb. It's all about what you do and how you do it. Ethical issues span every aspect of our practice and can present dilemmas for practitioners at all levels of experience. This session will address various facets of ethical dilemmas in the school setting, including practical tips to successfully resolve them. Building on feedback from previous ethics presentations and dilemmas addressed by the Ohio licensure board, we have incorporated real-life scenarios into an interactive, engaging, and informative session that allows participants to decide whether an ethical dilemma is present.

MEET OUR PRESENTERS:

Gregg Thornton, Esquire is the Executive Director of the licensure board. He is a licensed attorney with more than 25 years of experience in administrative and regulatory law. Mr. Thornton has no relevant financial or non-financial disclosures.

Carrie Spangler, Au.D., CCC-A is an audiology board member serving on the licensure board. She is an educational audiologist with the Summit County ESC. Mrs. Spangler has no financial disclosures, however, she currently volunteers as Audiology Board Member on the Ohio Speech and Hearing Professionals Board. She completes duties assigned by the Board including attending scheduled board meetings.

Learner Outcomes:

As a result of this course, participants will be able to:

1. Name/describe ethical issues that school based SLPs and AUD encounter in the school setting.
2. State ethical requirements adopted by the Ohio Speech and hearing Professional's Board.
3. Understand how to recognize and appropriately respond to an ethical dilemma.
4. Understand how to implement and follow an ethical decision-making process to effectively resolve an ethical dilemma.
