**Ohio Speech and Hearing GAC
Legislative Activities Report
January 2021**

The members of the 134th Ohio General Assembly were sworn into office earlier this month, officially starting the new legislative session. Many were glad to see the start of the new session, as the 133rd General Assembly was marred by a corruption scandal involving former Ohio House Speaker Larry Householder. Householder was indicted in July 2020 on racketeering charges in an alleged \$61 million bribery scheme to pass a \$1.3 billion bailout of two nuclear power plants operating in norther Ohio. Shortly after news of the scandal broke, the House of Representatives ousted the former Speaker and replaced him with Rep. Bob Cupp to serve the remainder of the session. Speaker Cupp was reelected to lead the Chamber for the 134th General Assembly. Despite the scandal, House Republicans actually picked up seats on election day and now control a 64 to 35 seat majority in the House. There was much less turmoil in the Ohio Senate. Former Senate President Larry Obhof was required to leave office due to term limits and will be replaced by Senator Matt Huffman in the 134th Ohio General Assembly. Republicans in the Ohio Senate enjoy a 25 to 8 seat majority.

Before adjourning the 133rd General Assembly in December, lawmakers scrambled to pass dozens of bills in just a few weeks during the always hectic lame duck session. Included in the bills that were passed before the end of session was HB 442, which made some substantial revisions to occupational licenses. HB 442, which was originally introduced to modify requirements for certified public accountants, was amended in the Senate Transportation, Commerce & Workforce Committee to include adjustments to the pupil services licenses issued by the Ohio Department of Education. The changes made in the Senate requires pupil services license holders to receive a registration from the Ohio Department of Education (ODE) instead of a license. The registration is valid for five years and would cost \$150 (the current fee for the

pupil services personnel license is \$200.) As a condition of registration, an individual must undergo a criminal records check and be enrolled in the “rapback” program. Shortly after the bill was amended in committee it was passed by both chambers. Governor DeWine signed the bill on January 7th and it will take effect 90 days from that date. ODE is working on providing current license holders with guidance on the impacts of this legislation.

Another bill that was passed before the end of session was HB 436, which would require dyslexia screenings and intervention for students. After months of heated debate, the Senate Education Committee made changes to the proposal, which served as a compromise from all parties involved. The bill grants much authority to the "Ohio Dyslexia Committee," which is created by the legislation. This committee would be instrumental in creating a guidebook for schools to use in developing dyslexia screening programs. OSHGAC worked with stakeholders on the development of the changes that were made to the bill and was happy to see the substitute bill include a speech-language pathologist represented on the committee. Senator Lehner described the final product as a compromise between interested parties. HB 436 was amended and reported by the Senate Education Committee on December 16th. The Senate then passed the bill the very next day and the House concurred with the changes. Governor DeWine signed the bill on January 9th and it will take effect in 90 days.

A handful of high-profile bills failed to move during lame duck and will likely need to be addressed in the 134th Ohio General Assembly. One of note is HB 679, a telemedicine bill that was introduced in an effort to try to codify administrative rules surrounding the practice of telemedicine that saw a rapid uptick in utilization during the pandemic. Despite passing the House, members of the Ohio Senate preferred to defer to the administrative rules that were developed earlier in the year instead of passing legislation. The sponsor, Representative Mark Fraizer (R-Newark) made a last ditch effort to pass the legislation during lame duck, by amending the telemedicine provisions into SB 236, a bill dealing with the state’s radiation control program. The amendment was accepted and SB 236 was passed by the House; however, the Senate never concurred with the changes, effectively killing the measure. Rep. Fraizer has indicated that he will be willing to sponsor another bill in the 134th General Assembly, so we can expect additional debate on the matter.

Governor DeWine has announced the state’s plan to begin vaccinating the general public against COVID-19. Doses of the COVID-19 vaccine will be provided to Ohioans age 80 and older on January 19th. Roughly 450,000 Ohioans are over 80, and the state expects to receive about 100,000 doses of the vaccine per week, so it will take a number of weeks before everyone in the population receives it. The state will then begin to lower the age threshold by five years each week, with those 75 and over eligible for vaccination beginning Jan. 25, those 70 and older

on Feb. 1 and those 65 and older on Feb. 8. According to the plan, those with severe congenital, development or early-onset medical disorders will also be eligible for the vaccine beginning on January 25th. The state also hopes to begin vaccinating school personnel the week of Feb. 1st, although it will require them to agree to resume in-person schooling by March 1st. The governor said the administration would issue paperwork to school superintendents asking whether they will agree to conduct in-person classes beginning March 1st as a prerequisite for vaccine distribution. "The justification, the reason for doing this, is very simple and singular," Governor DeWine said. "It is to get kids back in school."

Below is a list of legislation we tracking during the 133rd Ohio General Assembly, any bill not passed by both chambers will need to be reintroduced during the 134th Ohio General Assembly:

HB11 REGULATOR RESTRICTION REDUCTION (RIEDEL C, ROEMER B) To
5 require certain agencies to reduce the number of regulator restrictions and to amend the versions of sections 106.021 and 106.03 of the Revised Code that are scheduled to take effect August 18, 2019, to continue the provision of this act on and after that effective date.

Current Status: 4/10/2019 - House State and Local Government, (Second Hearing)

HB12 MOTORCYCLE-HEARING PROTECTION (MCCLAIN R) To permit a person to
9 wear earphones or earplugs for hearing protection while operating a motorcycle.

Current Status: 2/21/2020 - **SIGNED BY GOVERNOR**; eff. 5/22/20

HB13 MILITARY-TEMPORARY LICENSURE (PERALES R, WEINSTEIN C) To
3 require state occupational licensing agencies, under certain circumstances, to issue temporary licenses or certificates to members of the military and spouses who are licensed in another jurisdiction and have moved to Ohio for military duty.

Current Status: 10/2/2019 - Senate Transportation, Commerce and Workforce, (First Hearing)
