Amy Bradbury - AuD CCC-A, and Steven M. Griffin, M.A. CCC-SLP**

8 March 2024

11:30am-1:30pm EST

Online Event
[Registration Here](#)

Educational Objectives:

- 1) Identify the connection between auditory processing and language/reading development
- 2) Be able to identify two prominent areas of auditory processing related to language/reading
- 3) Increase understanding of dyslexia and the at-risk reading profiles that lead to academic disruption and failure.
