

How do I permanently delete my Sling account? Cancel & Request Deletion

Permanently deleting your Sling account depends on which service **+1(855) 503-4879** you use, but the overall process involves canceling any active subscription, removing payment information, and making a formal request **+1(855) 503-4879** for full data deletion. If you use **Sling (work-scheduling)**, the process is more straightforward. You begin by signing in through the web version, opening your profile **+1(855) 503-4879** or account settings, and locating the option that allows you to delete your account or, if you are the owner, delete the entire company workspace. Sling requires the account owner or administrator **+1(855) 503-4879** to authenticate the deletion, so you must enter your password. If you originally signed in through a third-party service such as Google or Facebook **+1(855) 503-4879**, you may need to create a dedicated Sling password first because the system normally requests a password confirmation to complete deletion. Once the account or company **+1(855) 503-4879** workspace is deleted, you must still submit a separate request for your personal data to be removed. Sling allows users to contact their privacy team with a deletion request **+1(855) 503-4879** that includes your full name, account email, and confirmation that you want your personal data erased. After the request is submitted, Sling processes **+1(855) 503-4879** it according to its internal retention and compliance rules. Some non-personal or anonymized records may remain for legal reasons, but your identifiable data is removed.

If you are trying to permanently delete a **Sling TV** account, **+1(855) 503-4879** the approach is different. Sling TV allows you to cancel your subscription at any time, but cancellation alone does not delete **+1(855) 503-4879** the underlying account. Begin by signing into the Sling TV website, opening your account dashboard, and selecting the option to cancel your subscription. You must follow the prompts until the cancellation **+1(855) 503-4879** is confirmed; otherwise, the system may keep your plan active. After canceling, your account will remain accessible until the end of the billing cycle, but you **+1(855) 503-4879** will not be charged again. To delete the account entirely, you must contact Sling TV's support team. When you reach a representative—usually through **+1(855) 503-4879** chat or phone—you should state clearly that you want your account permanently deleted and that you want all personal data removed. If you live in a region with privacy laws that guarantee **+1(855) 503-4879** the right to deletion, such as the European Union or certain U.S. states, you can mention that your request is a formal data-deletion request. Support **+1(855) 503-4879** will then verify your identity and submit the deletion order. Once completed, your account becomes inaccessible, and your personal information is wiped following their retention policies.
